

1.3.1 Institute integrates cross cutting issues relevant to Gender Environment and substantiality, human values & professional ethics into the curriculum.

The college has been working for the development of the students. The various programmes are arranged related to Gender Equality, Sustainability, Human Values and Ethics. The college teachers engage the students in various activities through Expert lectures, N.S.S., N.C.C., programmes. The environmental issues are dealt in detail in the classroom through a regular subject entitled 'Environmental Awareness' this subject is taught by special teachers in the class. The said subjects include the chapters such as, *Scope & Nature of Environment Science, Natural Resources, Eva-System, Bio- Diversity, Pollution, And Social Issues & Population.*

Environmental Awareness is a compulsory subject for S.Y.B.A, B.COM. BCA / BCS, BSC students. The results of the students are not declared unless students clear this subject at S.Y. level. The current issue of environment awareness has been thoroughly addressed by the college, in curriculum sustainable development is of much importance. The students must understand the human values & follow professional ethics in their relevant field. Various departments organize the lectures on Human Values, especially on Gender Equality, Women Empowerment, and Skill Development for the students of the college. A special 10 days residential camp is conducted by the N.S.S Department for their students to familiarize with the prevailing problems of rural India. The students are also engaged in value added programmes to make them aware of responsibilities and the professional ethics. Especially we are proud enough to state that we have not noticed till this date any major issues of Ragging and complaints from students about their harassments. Thus the college has a

special arrangement to work after the issues relevant to Gender Equality, Environment and such related social issues.

The study tour by Geography Department and Science field visits make students aware about the various nearby areas. They learn practical aspects from their study tours and field visits. The students prepare a separate project on Environment as a part of their study. Accordingly the students are made aware of the contemporary issues. The college works with the objective of generating Social awareness among the students.
