

# **Amalgamation Absorption and Reconstruction of Companies**

## **Module 5**

# Amalgamation

- Term amalgamation is used when two or more existing companies into liquidation and new co. is formed to takeover their business. For e.g. If a new co XY Ltd. Is formed to take over the business of two existing companies, X Ltd. and Y Ltd. ,it is a case of amalgamation

# Absorption

- Term absorption is used when one or more existing company goes into liquidation and some existing company takes over its business. For e.g. if the business of existing co X Ltd. is taken over by another co. Y Ltd. ,it is a case of absorption

# Reconstruction of companies

- External reconstruction :- Term is used when one existing company goes into liquidation and a new co. is formed to take over its business. For e.g. if a new company X (New) Ltd. is formed to take over the business of an existing co. X Ltd. Then it is a case of External reconstruction

# Types of Amalgamation

- Amalgamation in the nature of merger
- Amalgamation in the nature of purchase

# Amalgamation in the nature of merger

- It includes:-
  1. Transfer of all assets and liabilities
  2. Same equity shareholders holding 90%
  3. Purchase consideration in equity shares
  4. Same business
  5. Recording of Assets and liabilities at book value

# Methods of Accounting for Amalgamation in the nature of merger

POOLING OF INTEREST METHOD:- It includes:-

- Recording of assets and liabilities
- Recording of Reserves( whether capital or revenue or arising on revaluation)
- Recording of balance of profit & loss A/c
- Difference between the purchase consideration and the amount of share capital of the transferor Co.
- Uniform set of Accounting policies

# Amalgamation in the nature of purchase

- It is an amalgamation which does not satisfy anyone or more of the condition specified for amalgamation in the nature of merger.

# Methods of Accounting for Amalgamation in the nature of purchase

**PURCHASE METHOD:-** It includes,

- 1. Recording of assets and liabilities**
- 2. A) Recording of statutory reserves**
- 3. Recording of reserves other than statutory reserves**
- 4. Balance of profit & loss A/c**
- 5. Difference between the purchase consideration and the net asset of the transferor Co**

# Purchase consideration

- Consideration for the amalgamation means the aggregate of the shares and other securities issued and the payment made in the form of cash or other asset by the transferee Co. to the shareholders of the transferor Co.
- “ Payment made by the transferee Co. to discharge the debenture holders and other outside liabilities and the cost of winding up of transferor Co. shall not be considered as part of purchase consideration”

# Methods of calculating Purchase Consideration

Cases	Basis of purchase consideration
1. If all the modes of discharging the purchase consideration are given along with their individual amount	“Net payment to shareholders basis” should be used
2. In other cases	“ Net Assets taken over basis” should be used

Statement showing the computation of  
purchase consideration  
(According to Net Assets taken over basis)

Particulars	Rs.
A. Total asset taken over at their agreed values	xxx
B. Less: Total liabilities taken over at their agreed amounts	xxx
C. A-B	xxx

No. of shares to be issued by Purchasing  
Co.

$$= \frac{\text{Amount to be discharged by issue of shares}}{\text{Issue Price of a share}}$$

# Statement showing the computation of purchase consideration (According to Net Payment basis)

Mode of discharging purchase consideration	No. of shares	Issue price	Rs.
A. Preference shares	xxx	xxx	xxx
B. Cash for preference shareholders	----	----	xxx
C. Equity shares	xxx	xxx	xxx
D. Cash for equity shareholders	----	----	xxx
E. Total Purchase consideration (A+B+C+D)			xxx

Treatment of difference between the purchase consideration and the net assets of the transferor Co. arising on amalgamation in the nature of purchase

1. The excess of purchase consideration over the value of net assets acquired should be treated as **GOODWILL ARISING ON AMALGAMATION** . Such goodwill should be amortized on a systematic basis over a period not exceeding 5 years unless longer period can be justified

2. The excess of net assets acquired over the Purchase Consideration should be treated as **Capital Reserve arising on Amalgamation.**

# Accounting treatment in the books of transferor company or vendor company

## **Step-1 Open a realization A/c**

Realization A/c	Dr.	(with the total)
