Best Practice:1

Title of the practice	Science Day Exhibition: Model ,Poster and other Competition
Objectives of the Practice	<ol style="list-style-type: none"> 1. To develop keen interest among students towards Scientific Principles and their Applications. 2. To understand the the recent climate issues and how to save themselves during natural disasters. 3. The day is celebrated to salute all inventions in science and to nurture their curiosity towards it. 4. To inculcate the habit of saving energy and importance of saving enrgy. 5 To make them aware about global warming and pollution as big environmental problems and finding novel Solutions through eco-friendly
The Context	<p>In India, the National Science Day (NSD) is celebrated on February 28 each year to honour the discovery of the Raman Effect, in spectroscopy. Sir C.V. Raman presented the 'Raman effect on Feb 28, 1928, for which he was awarded the Nobel prize in physics in 1930. The celebration includes guest speech , science exhibition based on following competitions like flower competition / cooking without fire, Scientific Rangoli/ Microtoon , Model competition (Scientific Model / Fermented food competitions.)</p>

<p>The Practice</p>	<p>Department of Microbiology , S.B.B. Alias Appasaheb Jedhe College of science organized an awareness program on National Science Day on 02/03/2023 with a special theme of "Micro-avengers". In this regard, Following competitions were organized like-</p> <p>2nd March 2023- Science Day(Guest Lecture by Dr.Balaji Selurkar),Model presentation.</p> <p>3rd March 2023-Treasure hunt,Scavenger hunt, Tug of war.</p> <p>4th March 2023- Fermented food festival, Rangoli competition.</p> <p>Students were coordinated by their respective Assistant Professors.Total of around 65 students have been participated in the event.The program was organized for three days.</p> <p>Dept of Geography : Organized the National Science Day on 28 th February .They organized poster and Model Competition Total 31 students participated in this Competition .</p>
<p>Evidence of Success</p>	<p>This practice had made their inner creativity build, communication skills, confidence level developed, new concepts related to science were developed, Establishment of vibrant relationship between teachers and students .</p> <p>The program imports a fine success rate to fulfill the objectives. More number of participation of students in different: activities</p>
<p>Problems encountered and resources required</p>	<p>Limited finance available.</p>

Best Practice:2

Title of the practice	Marathi bhasha savardhan Pandhrawada 1. To Let not any Marathi speaking parent say that "our children can understand Marathi but cannot speak. 2." Reading and writing Marathi skill is an advanced matter, to inculcate this in students is the aim of this program 3. To Keep a habit of using Marathi numbers, Marathi days, and words in the conversation. Sing or play Marathi songs to introduce them to musical aspects. 4. To encourage students to read both Marathi and English (and/or other local languages) literature alike with equal interest
Context	Its necessary to save our regional language as English has become the language of Universe. Use of Marathi is reduced.Also Students need to understand Marathi Literature as our language is versatile.It plays important role in saving our cultural heritage.It plays one of the major role shaping the cultural identity of Maharastra and its people .
Practice	The Committee has been formed by the institution which runs this program. Date: 03/01/2023- 12/01/2023 Following activities were conducted by the committee. 03/01/2023- Tuesday - Inauguration 04/01/2023- Wednesday - Kavita Abhivachan 05/01/2023- Thursday - Essay competition, Marathi Handwriting Competition 06/01/2023- Friday-Ekpatri prayog 07/01/2023- Saturday - Elocution competition 09/01/2023- Monday- Vyakhyaan 11/01/2023- Wednesday - Exhibition (Books, Posters, Handcrafts) 12/01/2023-Thursday - Samarop
Evidence of Success	Learning a language is a continuous process, rather battle. There is no end to the learning, so keep small goals and achieve as per students capacity. Learning marathi is to advance possibly to the stage of learning Sanskrit. Marathi learning is a useful luxury. It is part of other ten or more

	<p>keep small goals and achieve as per students capacity.</p> <p>Learning marathi is to advance possibly to the stage of learning Sanskrit. Marathi learning is a useful luxury. It is part of other ten or more important things like excellence in curriculum, sports, healthy habits, volunteering, general curiosity etc</p> <p>This program made success to decide if they can afford to spend time for learning Marathi or can take help from someone else willing to teach. It cannot be a weekly or biweekly activity however weekly meetings can increase a sense of belongings.</p>
Problems encountered	Nil
